

## Revitalise your year 7 scheme of work!

Either purchase our full scheme for Y7, which includes lesson plans, PowerPoints, interactive Whiteboard activities, pupil activities, internet linked activities and audio files.

Or purchase an individual module which contains everything you need for 10-12 lessons. The full scheme of work has all of these modules and MUCH MORE and is much better value, but the module will allow you to try out this new way of teaching and learning and integrate it into your existing Scheme of Work.

### A new scheme of work that:

- provides natural transition from KS2, using similar teaching methodology
- suitable for mixed experience classes as it revisits languages in a new and innovative way
- covers the PLTS and SEAL agenda
- meets the newly repurposed KS3 framework for MFL by focusing on skills
- relates to the new secondary curriculum with its cross curricular approach
- includes inspiring ICT activities

### Art, Chocolate, Sports & Fair Trade Modules

Four modules, containing schemes of work with lesson activities and all the resources you need to deliver interesting and motivating content. These modules are aimed at Y7 learners who have Primary language learning experience or Y8 learners. Available in French, German & Spanish.

"We have been using the new scheme work for year 7 French and it has been an amazing success. We love teaching it and the year 7 pupils seem genuinely engaged and motivated".
