

Revitalise your year 8 scheme of work!

Either purchase our full scheme for Y8, which includes lesson plans, PowerPoints, interactive Whiteboard activities, pupil activities, internet linked activities and audio files.

Or purchase an individual module which contains everything you need for 10-12 lessons. The full scheme of work has all of these modules and MUCH MORE and is much better value, but the module will allow you to try out this new way of teaching and learning and integrate it into your existing Scheme of Work.

A new scheme of work that:

- provides sound grammatical teaching in interesting contexts
- is suitable for mixed-experience classes as it revisits language in a new and interesting way
- is compatible with the newly repurposed KS3 Framework for MFL, focusing on skills
- is compatible with the PLTS and SEAL agenda
- is appropriate for the New Secondary Curriculum, fulfilling the global dimensions and with links to other subjects across the curriculum
- tried and tested in schools
- inspiring ICT activities

Spooky Tales, Football, Fashion, Water, Secret Agents & Space

Six modules, containing schemes of work with lesson activities and all the resources you need to deliver interesting and motivating content. These modules are aimed at Y8 or Y9 learners and provide progression in language learning along with teaching Language Learning Strategies, Knowledge about Language as well as developing the skills of Listening, Reading, Writing and Speaking. Each are available in French, German and Spanish.

"iLanguages resources are original, creative and innovative, a real breath of fresh air for both students and staff! Our students are focussed and amazed at the depth of the language skills they are acquiring".

Sue Chapman, Head of MFL,
 Mexborough School, Doncaster

Want to find out more? See our website www.ilanguages.co.uk for more information about the content of the course and visit www.ilanguages.co.uk/samples to order free samples of the resources in French, German and Spanish.
